## E P Wahl Centre: Working Collaboratively

Believing that we can all serve more effectively together than we can do alone, the E P Wahl Centre is intentionally building relationships with a host of churches as well as a number of cooperating ministries and organizations, including:

- Alberta Baptist Association
- Anglican Diocese of Edmonton
- Fusion International
- Interface Worship
- North American Baptist Conference
- Pastoral Care Association
- Stewardship Education & Training Services
- Taylor Seminary
- Urban Sanctuary

## E P Wahl Centre: Working Sustainably

Through the generosity of donors and of our ministry partners, the E P Wahl Centre has been able to offer many events for little or no cost to attendees. The Wahl Centre is committed to doing as much as possible within budgetary constraints.

In our first full year of service, attendance at Wahl Centre events has topped 2,000 people, and has operated on a near cost-recovery basis.
